

New Source Review newspaper advertisements for construction permit applications, January 17, 2019. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following date: January 15-17, 2019. Public notices are generally published every week. The previous publication of public notices was December 28, 2018.

#### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

#### HEADER

The applicant is Rogers Group, Inc. dba Cowan Quarry with a mailing address of 421 Great Circle Road, Nashville, TN 37228. They seek to obtain an air contaminant permit (Division identification number: 26-0012-07/75490) for the construction of a Portable Rock Crushing Operation for Lime Mill Circuit located at 221 Rogers Group Road, Cowan, TN 37318. This proposed operation would consist of a crusher and conveyors for the crushing of rock into aggregates. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Franklin County "Herald-Chronicle" -publish once on Tuesday, January 18, 2019.

---

#### HEADER

The applicant is Heraeus Metal Processing, LLC with a mailing address of 1975 Knoxville Highway, Wartburg, TN 37887. They seek to obtain an air contaminant permit (Division identification number: 65-0099-01/975893) for construction of a precious metal reclamation process located at 175 Burrville Road, Sunbright, TN 37872. The new process will consist of a natural gas-fired chamber furnace and quench tank. An afterburner and a scrubber will be used for pollution control. There will be physical construction. Regulated air contaminants are emitted by this source. Mr. N. Colaric is the assigned Division person.

For the Morgan County "Morgan County News"--publish once on Wednesday, January 16, 2019.

---

#### HEADER

The applicant is Union Gin Company, Inc. with a mailing address of 8037 Highway 70 East, Brownsville, TN 38012. They seek to obtain an air contaminant permit (Division identification number: 38-0005-01/975976) for modification of a cotton gin located at the same address. This existing operation consists of gin stands and associated equipment to separate seed from cotton lint. Cyclones are used for air pollution control. The company has requested an increase to their annual bales limit from 21,000 bales per season to 25,000 bales per season. There would not be physical construction. Regulated air contaminants are emitted at this facility. Mr. Chris Meek is the assigned Division person.

For the Haywood County "Brownsville Press"--publish once on Wednesday, January 16, 2019.

---

## HEADER

The applicant is Garrot Bros. Continuous Mix, Inc. with a mailing address of 375 Red River Road, Gallatin, TN 37066. They seek to obtain an air contaminant permit (Division identification number: 85-0049-01/975722) for construction of a Concrete Batch Plant at 105 Planters Avenue, Hartsville, TN 37074. This proposed operation would consist of a concrete batch plant, gravel stockpiles, sand stockpiles, two silos, and associated equipment used to produce dry mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Dolzen is the assigned Division person.

For the Trousdale County "Hartsville Vidette"-- publish once on Thursday, January 17, 2019.
